

We do more
than you think

PHS, making life easier

At the PHS Group plc we've got one mission in life, which is to make your workplace a better place to be (and your life, as a buyer, a whole lot easier).

Since starting in 1963, we've grown up with a real understanding of the legislative and practical issues you're up against, every day. Which is why our extensive product and service range gives you better solutions to those issues than anything else you'll find in the marketplace.

Did you know, for example, that PHS is the largest supplier of laundered entrance mats in the UK? Or that we employ over 700 electrical testing engineers? Or that we supply ready decorated Christmas trees to more UK businesses than any other company?

Importantly, with nearly 50 years experience you can trust PHS to be reliable and professional in everything we do, as well as helpful and expert in all service areas.

In fact, we've just been ranked in the Official Top 500 listing of the UK's Business Superbrands for product quality, consistent service standards and for providing customers with real advantages over other providers.

For great service delivered by great people, read on. See just how much we can help you with and then leave it to us, while you get on with your business.

Crate Rental & Packaging

PHS Teacrate is the largest crate rental company in the UK, moving more than 20 million crates every year. Teacrate also supplies a wide range of handling equipment, accessories and removals packaging, all with next day delivery as standard.

Teacrate rents crates to the removals, facilities management, food, logistics and retail markets. A wide range of crate types and styles are available to suit a diversity of applications across many industries. And with an in-house crate wash service, Teacrate can ensure that its re-usable crates are delivered clean and ready for immediate use.

PHS Teacrate has invested in the manufacturing tooling for its crates so it has control over their production and supply.

All crates are available to buy as well as rent and may be customised with company logos and colours.

Teacrate supplies the trade and general public through its buy-on-line websites:

Interior & Exterior Planting

PHS Greenleaf is the UK's market leader in planting services. With national coverage, full accreditations and holding the royal warrant we offer the full range of services from Lands End to John O'Groats, servicing customers ranging from pubs to Palaces.

Interior Services

If you want plants for your office or premises, let Greenleaf do all the hard work for you. Our interior planting services range from interior "Tropical" planting for offices, reception flowers and orchids to decorated Christmas Trees.

Exterior Services

Outdoors you can trust us to look after your plants for you, whether it's hanging baskets, bedding flowers and border plants right through to grounds maintenance and weed control. We can also supply external Christmas trees and outdoor lighting for your premises.

Other Services

Need to send flowers for a special occasion? With our gift flowers service, order before noon and your flowers will be delivered the next day.

If you prefer artificial plants in your premises, we can supply these direct to you, from small desktop displays right through to large artificial palm trees, you'd be amazed at our collection.

- Orchid displays
- Gift flower delivery service
- Artificial plants, trees and flowers
- Weed Control

Whether the customer's looking for on-site commercial laundry equipment or a managed workwear service for us to supply and launder their staff workwear, PHS has the solution.

Laundry Equipment

Laundrivers offer a wide range of commercial washing machines, dryers, ironers and dishwashers for all types of premises, from care homes to hotels, MoD sites to launderettes.

Our skilled team provide customers with a complete laundry equipment solution, from site survey to machine installation, taking the worry away from establishing and maintaining an on-site laundry. We also provide a complete range of laundry detergents and consumables to help their laundry run smoothly and efficiently.

Managed Workwear and Laundry Service

Besafe are specialists in the supply and laundering of specialist protective workwear including high visibility, flame retardant and arc protective garments. Our unique range of quality, specialist workwear provides maximum protection for the wearer in even the most demanding of environments, and all garments can also be personalised with corporate identity and logos.

Our workwear laundry service helps keep employees' workwear clean and safe, by removing soiling which could impair the garments safety properties. We provide weekly deliveries, and with our managed locker service, garments can be delivered back directly to employees' individual lockers.

A woman with blonde hair, wearing a white shirt and a red vest, is working in a laundry facility. She is standing next to a large industrial washing machine. The machine has a control panel with a digital display and several buttons. The woman is looking down at a white laundry basket she is holding. The background shows other laundry equipment and a pink square graphic in the upper right corner.

Managed Workwear and Laundry Service

- Arc protective workwear

- Tumble dryers
- Washing machines

Whether the customer's looking for an entrance mat to protect floors from foot borne dirt and moisture, matting to protect employees from prolonged standing, a specialist restoration and cleaning service for a stone floor or protective surfacing for a playground, PHS has the solution.

Mats and Matting

Through our Treadsmart and Syncros divisions, PHS offers the UK's widest selection of matting solutions, available on both a serviced or purchase basis. Treadsmart offers a complete range of serviced dust mats, from simple barrier mats to custom made logo mats all complete with our 'Lift and Lay' service (our service team ensure the mats are regularly removed for specialist laundering and immediately replaced with fresh ones, so floors are never left without protection). We also offer an extensive range of specialist mats available to purchase.

Syncros is the specialist supplier of fitted entrance matting systems to the construction, flooring and refurbishment trades, and is a major distributor for all the main entrance matting manufacturers including Milliken, Gradus, Jaymart, Forbo, Emco and 3M. Syncros also supply carpet tiles, matwell frames and bespoke shaped mats and with a team of highly experienced fitters, offer a complete fitting and installation service.

Matting & Flooring

Floor Cleaning and Restoration

PHS Interclean are the experts in the cleaning, maintenance and restoration of all types of flooring and floor coverings from carpet to terrazzo, wood to stone on either a one-off or ongoing maintenance basis.

With a true nationwide coverage, our professional technicians ensure floors receive the highest quality service, with all cleaning carried out at times to minimise disruption.

Playground Safety Surfacing

Matta Products specialise in the supply and installation of playground safety surfacing to help make children's play areas safer, and offer a safety surfacing solution for every playground situation, be it outdoors or indoors.

All Matta safety surfaces are made up of interlocking, 100% recycled PVC tiles and are always installed by the expert Matta team. All outdoor surfaces are flame retardant, offer varying critical fall heights, feature a 10 year guarantee and require minimal ongoing maintenance.

PHS Pest Control has been looking after the needs of its customers in Ireland for many years, creating a partnership in order to manage their pest issues. All organisations have a duty of care towards the health and safety of staff and visitors on their premises, and PHS Pest Control offers a range of pest control services to meet your individual needs.

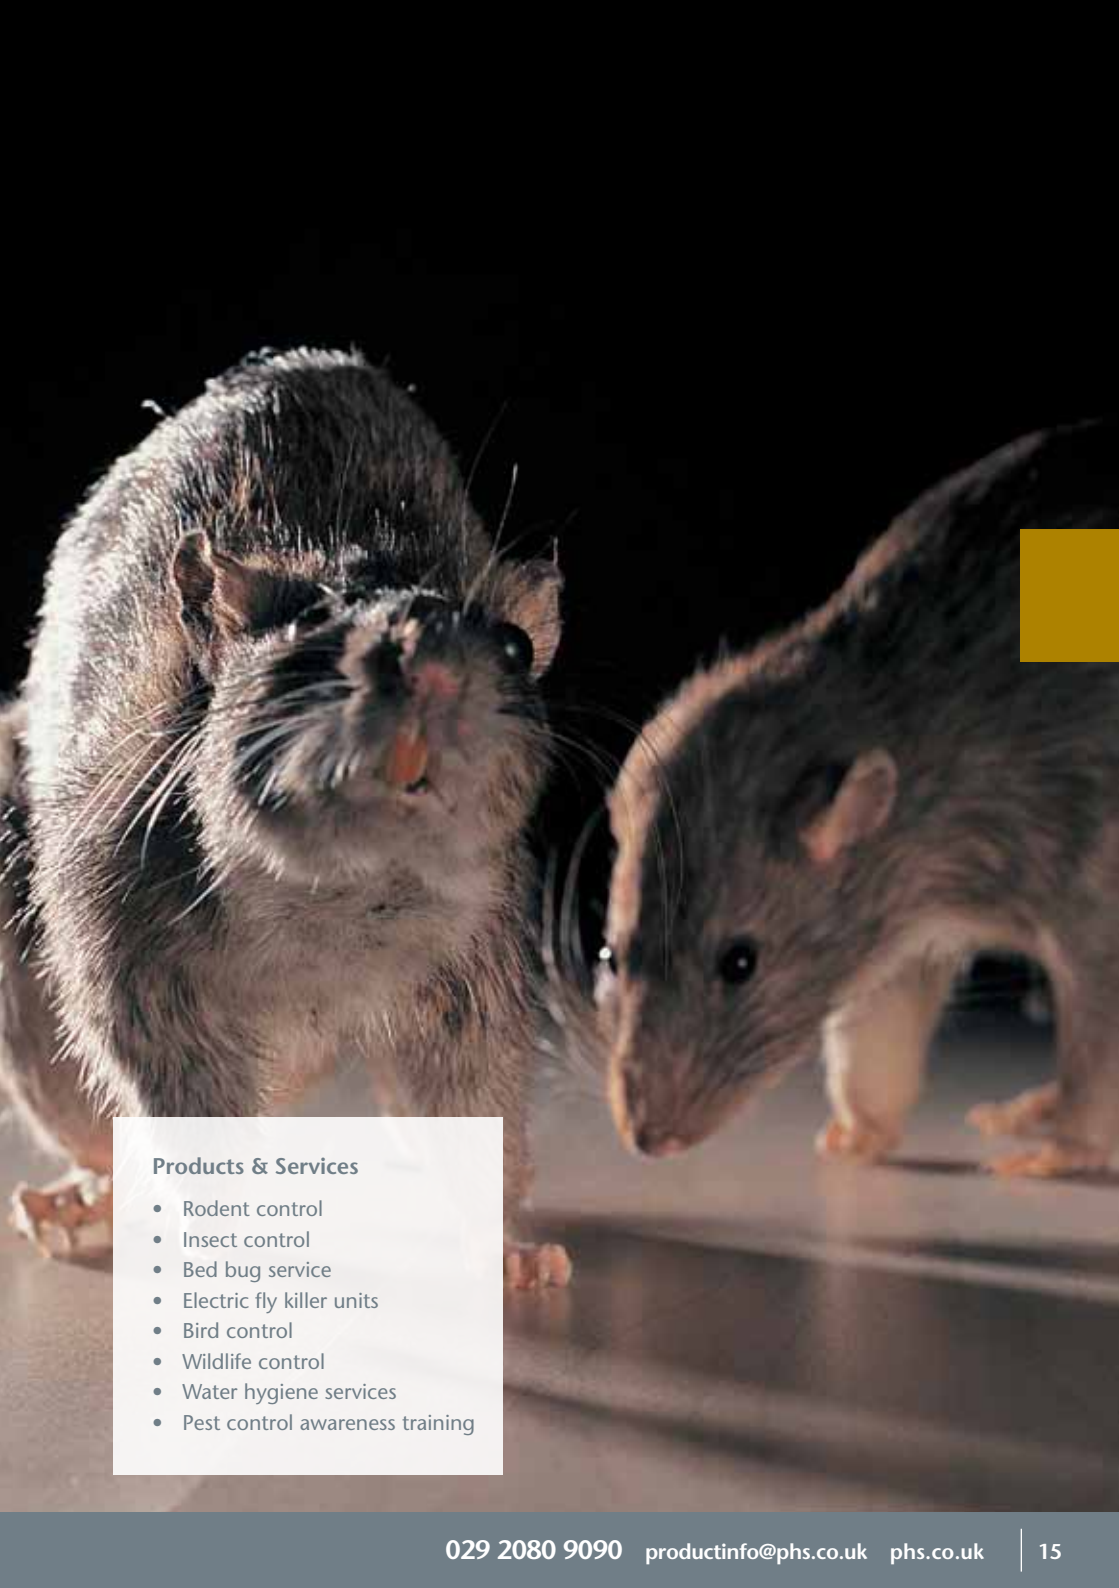

We have developed a strong portfolio of products and have a dedicated, highly qualified workforce which is committed to providing the best solution to any pest problem. We offer unrivalled standards of service based on a total commitment to customer satisfaction, and offer a fast, friendly local service throughout Northern Ireland and the Republic of Ireland.

We understand that every pest problem is different, and we use our expertise to create tailored solutions for every customer. We provide total service management for our customers, including free site surveys, product recommendations and flexible service arrangements tailored to meet individual needs.

PHS Pest Control:

- Provides a total pest control management service
- Offers solutions to all pest problems including rodents, insects including bed bugs, birds, rabbits and other wildlife
- Is accredited by the British Pest Control Association, the Irish Pest Control Association and the National Pest Technicians Association
- Provides free site surveys

*PHS Pest Control operates throughout the whole of Ireland and does not cover mainland UK.

Products & Services

- Rodent control
- Insect control
- Bed bug service
- Electric fly killer units
- Bird control
- Wildlife control
- Water hygiene services
- Pest control awareness training

Records Storage & Management

PHS Recordsmanagement provides secure document and data storage for companies, focusing exactly on how you want your documents managed.

We offer as standard next day delivery however our GPS tracked fleet of vehicles can deliver or collect your retrieved items in as little as 2 hours.

Security is a priority for PHS Recordsmanagement which is why our branches are equipped with VESDA the highly sophisticated fire detection apparatus, 24/7 alarm and CCTV systems to protect the data.

Box storage starts from as little as 1p a day.

Why not try our online calculator to see just how much you could save by storing your boxes and files off site with us?

www.recordsmanagement.co.uk

The business offers a nationwide service including:

- Secure off-site storage for boxes, files and documents
- Secure vaulted storage for computer backup tapes and highly confidential documents
- Scanning
- Data capture and cataloguing
- Confidential destruction
- Online access
- Archive products for sale.

Shredding and Recycling

PHS Datashred provides businesses with a complete confidential waste destruction and recycling service.

We provide a UK nationwide service for confidential document destruction, paper shredding, high security shredding, branded goods destruction, secure recycling of IT equipment, and general and special waste disposal.

We specialise in offering bespoke support to our customers, including on-site and off-site services.

As a service partner, we are able to minimise the risk to our customers, delivering peace of mind that all waste issues are being dealt with in a professional, legal and sustainable manner. Our services will help you comply with the Data Protection Act.

PHS Datashedred provides shredding, recycling, document and media destruction for businesses and organisations throughout the UK:

Testing & Compliance

JPen Medical is a market leader in on-site compliance testing and calibration of medical and healthcare equipment throughout the UK – used by over 2,500 organisations including surgeries, hospitals, clinics, dentists, vets and nursing homes.

JPen Medical is recognised as the UK's most thoroughly trained and professional compliance testing and calibration company. We are also accredited by the National Physical Laboratory working in accordance with UK Weighing Federation guidelines and certified by Eastwood Park to test and calibrate medical devices, using UKAS approved equipment.

Compliance with current guidelines to ensure well being, equipment life and precise dosing, depends on accurate calibration. This is why more healthcare professionals trust JPen Medical more than any other company to keep their equipment tested and calibrated and support their compliance obligations.

Our graduate engineers visit your premises to test and calibrate your medical equipment, reducing down time, service interruption and cost.

As an independent testing and calibration company, we can offer you:

- Compliance to current guidelines
- Planned calibration and inspection programme
- Maintenance & repairs of all medical equipment
- Best practice standards as laid down by the MHRA
- ISO 9001 Accreditation
- Free Technical Helpline
- Express Service

Handling over 60,000 pieces per year we are experts with all problems and issues that may occur. We understand the importance of ensuring your medical equipment is working correctly.

- SteriTouch® antibacterial range

PHS Washrooms is the only service provider to operate a 24 hour helpline, 7 days a week.

24-7 PRIORITY
FOR EMERGENCY SERVICE AND REPAIR
029 2085 1000

PHS is one of the UK's leading waste management companies, specialising in the collection, disposal and recycling of healthcare, clinical, dental, pharmaceutical, chemical, hazardous, non hazardous and difficult to manage wastes.

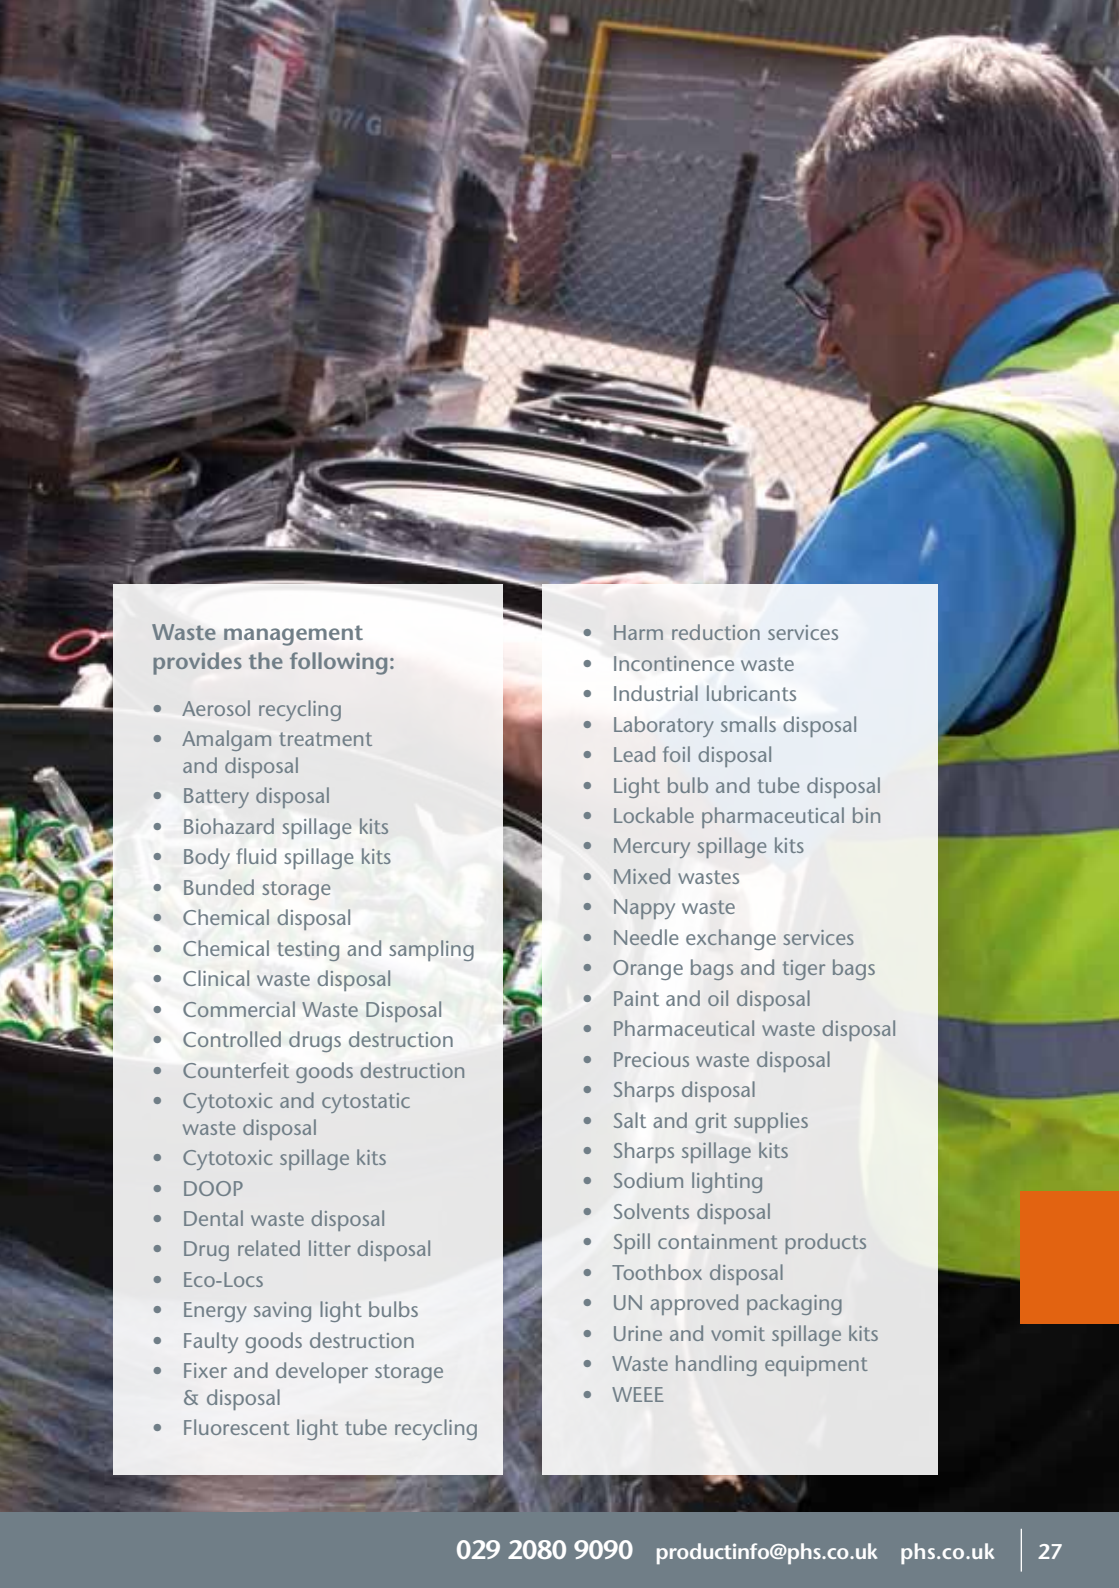

The Healthcare side of the business handles clinical, pharmaceutical and dental wastes such as infectious wastes (sharps, swabs, dressings), pharmaceutical wastes (controlled drugs destruction, cytotoxic & cytostatic drugs disposal) and the storage and disposal of dental wastes (amalgam, x-ray waste and precious waste recovery) for organisations like hospitals, doctor's surgeries, dental practices, pharmacies and nursing homes.

As well as commercial bulk waste, we also handle offensive wastes that are non hazardous and include items such as nappies and incontinence products.

The Chemical side of the business handles wastes that were traditionally classified as hazardous due to their chemical or physical properties for all wastes including acids, alkalis, solvents, laboratory chemicals, paints, oils, aerosols, batteries and fluorescent lighting.

We operate two specialist recycling facilities; Recyclite which recycles all forms of fluorescent and sodium lighting and De-pack, Europe's largest dedicated aerosol recycling facility capable of recycling 100% of the aerosol including can, contents and propellant gases.

PHS Dynamics supplies pollution protection products and services for chemical, oil and general maintenance spill containment.

Waste management provides the following:

- Aerosol recycling
- Amalgam treatment and disposal
- Battery disposal
- Biohazard spillage kits
- Body fluid spillage kits
- Bunded storage
- Chemical disposal
- Chemical testing and sampling
- Clinical waste disposal
- Commercial Waste Disposal
- Controlled drugs destruction
- Counterfeit goods destruction
- Cytotoxic and cytostatic waste disposal
- Cytotoxic spillage kits
- DOOP
- Dental waste disposal
- Drug related litter disposal
- Eco-Locs
- Energy saving light bulbs
- Faulty goods destruction
- Fixer and developer storage & disposal
- Fluorescent light tube recycling
- Harm reduction services
- Incontinence waste
- Industrial lubricants
- Laboratory smalls disposal
- Lead foil disposal
- Light bulb and tube disposal
- Lockable pharmaceutical bin
- Mercury spillage kits
- Mixed wastes
- Nappy waste
- Needle exchange services
- Orange bags and tiger bags
- Paint and oil disposal
- Pharmaceutical waste disposal
- Precious waste disposal
- Sharps disposal
- Salt and grit supplies
- Sharps spillage kits
- Sodium lighting
- Solvents disposal
- Spill containment products
- Toothbox disposal
- UN approved packaging
- Urine and vomit spillage kits
- Waste handling equipment
- WEEE

PHS Wastekit is the sole supplier of the Orwak range of compactors and balers in the UK and Ireland. These products are designed to help businesses reduce their waste disposal costs and manage their waste more effectively.

Balers are used to neatly segregate packaging waste such as plastic film and cardboard, ready for recycling. This not only enables businesses to make money from their waste, but also diverts waste away from costly landfill.

Compactors simply reduce the bulk of general, non-recyclable waste, reducing the number of bins and collections needed.

Our range of waste handling equipment also includes glass crushers, to reduce the bulk of glass bottles and jars, and horizontal balers. Our range of high quality baler and compactor accessories includes baling wire and baling tape for securing bales, and sturdy bags for use with bag compactors.

Our nationwide network of skilled engineers offers customers a comprehensive maintenance and repair service, ensuring the equipment is kept in good working order.

We provide the following waste equipment:

- Cardboard balers
- Plastic balers
- Horizontal balers
- Vertical balers
- Baling twine
- Baling wire
- Baling tape
- Bale trolleys
- Baler service, repair and maintenance
- Waste compactors
- In-bin compactors
- Bag compactors
- Compactor bags
- Compactor service, repair and maintenance
- Bottle crushers
- Solar compactor street bins
- Waste handling equipment
- Waste handling equipment service, repair, maintenance
- Total Waste Management Solutions

Water Machines

PHS Waterlogic is Europe's leading supplier of mains fed water dispensers and offers the best range of premium watercoolers, ThirstPoint and Hot Plus boiling water solutions and Watermarques high volume water dispensers.

PHS Waterlogic offers a Totalcare™ service package where it's all included. Choose any mains fed watercooler or boiling water solution; it will then be delivered, installed and maintained by a Waterlogic service engineer. Totalcare™ includes twice yearly preventative servicing*, all parts and labour and next day call out and repair service.

*Yearly servicing for boiling water products

- Cleaning chemicals
- First aid kits
- Wipes
- Centrefeed
- Bags
- Floor care
- Vending consumables
- Air fresheners
- Housekeeping equipment
- Cloths
- Disposable gloves
- Infection control products
- Hand sanitisers

Sustainability

As a market leading workplace services provider and a trusted supplier to some of Europe's largest companies, the PHS Group is committed to operating as a responsible business.

We believe that this dedication to acting responsibly is demonstrated every day through our commitment to go above and beyond our legal obligations to protect our staff and the wider environment, to support our customers to achieve their own performance targets and our drive to engage with stakeholders and the wider community.

At PHS we also understand that a strong approach to corporate responsibility and resource management makes good economic sense. By operating our own business in a sustainable manner and helping our customers to do the same, PHS Group is perfectly placed to be the partner of choice for responsible organisations seeking to improve their environmental and social performance.

“At PHS, our commitment to operate as a sustainable business has always been fundamental to our business and at the heart of our continued success”

Peter Cohen, Chief Executive

Proud of our achievements...

Environment

As a business with over 45 years experience in the field of waste management, PHS has always been aware of the need to better manage and reduce our environmental impacts. As such, we have always been focused on waste avoidance and reduction in the design of our products and services. For example, we have for many years operated a closed-loop plastic recycling process which each year turns over 50 tonnes of old PHS sanitary disposal units into new PHS disposal units.

Over 60% of the Group's business is already certified to ISO 14001

Waste Recycling Performance (FY 2010-2011)	
Washrooms @ Fazeley	
Sanitary bins (recycled into new bins)	52 tonnes
Components reused (e.g. motors, PCBs)	17,285
Batteries	62 tonnes
Metal	130 tonnes
De-Pack aerosols	
De-Pack propellant gases recovered	61 tonnes
De-Pack metal recycled	570 tonnes
Recyclite light tubes	
Mercury	16 tonnes
Glass	670 tonnes
Datashred	
Paper	49,787 tonnes
Metal	161 tonnes
Plastic	35 tonnes

Health & Safety

The health and safety of our staff, visitors and customers is of prime importance to PHS and ingrained within our culture. Our commitment to Health & Safety is safeguarded, not only through the SHE Department (Safety, Health and Environment), a team of dedicated Health and Safety professionals, but by all of our managers and a nationwide network of Health and Safety Champions.

Employees

With more than 100 training programmes covering a wide range of areas and over 6,000 training days delivered each year, PHS is focused on the ongoing training and development of our people. As such PHS has been recognised as an Investor in People for over ten years.

INVESTOR IN PEOPLE

Community

As well as being committed to ensuring an open and honest dialogue with stakeholders such as suppliers and customers, PHS also takes our broader contribution to society seriously. Over the years, a number of our operating Divisions have built long-term relationships with charities where we provide time, expertise and services as well as offering a financial contribution.
