

# FS range (33-120kg)

freestanding, high spin washers

## Washer Features

- Robust & Reliable
- Easy to use
- Variable spin speeds
- Flexible wash programmes
- Advanced microprocessor
- Medi-specifications
- Large loading door
- Cool down
- Powerwash drum
- Less water usage
- Efficient cycle times

# wash

## FS Range Features

Laundryserv freestanding, high spin washers contain a host of features to benefit the user and their laundry.

**variable spin speeds** high speed helps reduce drying times whilst lower speeds protect delicates.

**flexible wash programmes** can tailor the machine to your washing needs, allowing you to specify temperature, spin action and cycle times.

**advanced microprocessor** helps to detect and diagnose any faults that may occur with the machine, helping to simplify any maintenance.

**medi-specification programmes** are fully compliant with NHS guidelines for cycle temperature and length.

**large loading door** makes the machine easy to load and unload for your operator.

**cool down** feature helps to reduce creasing in your fabrics after a hot wash.

**POWERWASH** drum improves rinse efficiency, whilst using less water.

**superéco** programmes offer reduced wash times with reduced water and power consumption.

**Graphitronic** graphic display includes a multi-lingual microprocessor which is freely programmable.

### Laundryserv are committed to providing a complete quality service including:

- A 24 / 7 staffed contact line
- A choice of Service Level Agreements, including an 8 hour response option
- 95% First time fix rates
- Preventative maintenance visits
- Nationwide team of fully qualified, trained engineers
- Choice of full service rental or purchase and callout packages

\***Laundryserv's Auto Dosing System** provides a reliable and efficient addition to any on-site laundry, ensuring that the correct amount of detergent or chemical treatment is used in every wash. Easy to use, it saves money by eliminating over-dosing of chemicals and by reducing chemical handling and possible spillages provides a cleaner, safer environment for staff.
