

# FS range (7-23kg)

**freestanding, high spin washers**

## **Washer Features**

- Robust & Reliable
- Easy to use
- Variable spin speeds
- Flexible wash programmes
- Advanced microprocessor
- Medi-specification
- Large loading door
- WRAS approved
- Cool down
- Powerwash drum
- Less water usage
- Efficient cycle times

# wash

## FS Range Features

Laundryserv freestanding, high spin washers contain a host of features to benefit the user and their laundry.

**variable spin speeds** help reduce drying times with higher spin speeds or protect delicates at lower spin speeds.

**flexible wash programmes** can tailor the machine to your washing needs, allowing you to specify temperature, spin action and cycle times.

**advanced microprocessor** helps to detect and diagnose any faults that may occur with the machine, helping to simplify any maintenance.

**medi-specification and sluice programmes** are fully compliant with NHS guidelines for cycle temperature and length.

**large loading door** makes the machine easy to load and unload for your operator.

**WRAS approved** ensures it complies with the current water regulations for connection direct to the mains water supply.

**cool down** feature helps to reduce creasing in your fabrics after a hot wash.

**POWERWASH** drum improves rinse efficiency, whilst using less water.

**liqui-mix** system protects fabrics by ensuring detergents have no direct contact with fabrics, even on low water levels

**supereco** programmes offer reduced wash times with reduced water and power consumption

### Laundryserv are committed to providing a complete quality service including:

- A 24 / 7 staffed contact line
- A choice of Service Level Agreements, including an 8 hour response option
- 95% First time fix rates
- Preventative maintenance visits
- Nationwide team of fully qualified, trained engineers
- Choice of full service rental or purchase and callout packages

\***Laundryserv's Auto Dosing System** provides a reliable and efficient addition to any on-site laundry, ensuring that the correct amount of detergent or chemical treatment is used in every wash. Easy to use, it saves money by eliminating over-dosing of chemicals and by reducing chemical handling and possible spillages provides a cleaner, safer environment for staff.
