Air Freshening Services

Airscent **Burst**

Pleasant and Effective Fragrancing

The Airscent Burst dispenses regular doses of aerosolised fragrance into the air 24 hours a day. With a choice of fragrances, these light yet powerful scents are designed to invoke a sense of freshness and cleanliness and are ideal for use in and out of washroom environments.

The unit is battery operated, and presents an audible warning 'beep' prior to fragrance being released. As standard, fragrance is dispensed every 20 minutes, however the unit can be adjusted by the service technician to dispense fragrance every 10, 15 or 30 minute intervals.

Remove Malodours

The Airscent Burst fragrances incorporate Odouraze™, which is an odour neutraliser. This uses unique malodour control technology and features active ingredients that interact with malodour molecules to destroy bad smells, rather than masking them.

Fully Serviced

The Airscent Burst is a fully serviced unit, with PHS ensuring that it is always fully functioning and dispensing fragrance without any input from your staff.

After every service, you'll receive an immediate automated email confirmation detailing the site and products serviced. We'll provide a time-captured signature, showing exactly when your service was carried out and who acknowledged our visit, so you can be sure you've got a complete service audit trail.

Dimensions :

16.5cm x 23.5cm x 9.6cm

Weight :

0.86 Kg

Operation :

Battery Operated (4 x AA Alkaline batteries)

Construction :

Strong and durable ABS plastic construction

Fragrances :

Punchy Orange, Floral Breeze, Dewberry, Glacier, Baby Fresh, Fresh Vanilla

Fragrance Dispersal :

Every 20 minutes as standard

Installation :

It is recommended that the unit be installed well above head height (above 2.1m) to avoid the aerosolised fragrance coming into contact with passers-by and to reduce the risk of vandalism.
