

# Secure Mat System

Safe, hygienic and comfortable

**A fully equipped and hygienic baby changing area is an absolute necessity for sites that want to attract parents with young children. The Compact Wall Mounted Baby Changing Table provides an ideal fold up solution for smaller spaces.**

## Key Features

- 100% waterproof, wipe clean mat
- Designed for use by right or left handed users
- Includes safety rail constructed from a steel core with a soft outer moulding for child safety
- Made from reinforced nursery grade vinyl and flame retardant foam
- Compliant to both BS EN 12952 and EN 12220 standards

## Practical

The Secure Mat System is cushioned for comfort and includes safety rail constructed from a steel core with a soft outer moulding for child safety. The secure baby mat system is 100% waterproof, preventing moisture absorption from in-use accidents or cleaning, helping to ensure maximum hygiene levels and cosmetic appearance.

## Efficient

Designed for use by right or left handed users, the mat fixes securely to any existing standard 60cm wide work surface, to prevent theft and is compliant to both EN 12952 and EN 12220 standards.

## Size

85cm x 60cm
