From children's centres and youth clubs to volunteer associations and social groups, the clubs and organisations within our communities are an important asset to the areas they serve.

Yet with increasingly tight budgets and the limited hours of the staff and volunteers that keep organisations from closing, it can be a difficult task to ensure that your premises has everything it needs in order to be a safe, clean and welcoming place for the people who use it.

We work with over **5,400** clubs and organisations throughout the UK to keep their premises clean and presentable for the people who use it. **phs** is committed to providing comfortable and safe spaces where communities can get together.

Did you know?
phs works with over **90,000** customers over **300,000** locations, covering a market of more than **100 million** people.

Healthcare, washroom and floorcare hygiene is our business. We stay on top of all the legislative developments affecting your industry to provide you with expert advice on what you need to do to ensure that your business is legally compliant.

Our professional service drivers provide a discreet and efficient service, calling ahead to check that our servicing times are convenient for your business. And, if any of your products or services need change, we're just a call away and have the flexibility to adapt to whatever is needed.

We're in every geographical area and because we're **Next door. Everywhere**, we are on hand to help wherever you are. And as a single supplier, meeting all your needs, we can help reduce your day-to-day administration commitment as well as your financial costs.

Our community centre blueprint shows the most in-demand services that we currently provide to the clubs and organisations sector.

Legal responsibilities for village and community halls, HSE

Anyone with control of non-domestic premises has a legal responsibility under health and safety law:

- To take reasonable measures to ensure the premises is safe for people using it
- To keep it in good repair

WE CAN HELP

Traditionally, our most in-demand services for the clubs and organisations sector have included washroom maintenance, floorcare and safety services. Our experts continue to meet the needs of providers in this sector with a wide range of products and services.

Experts in washroom maintenance

- Our expert technicians visit more than 243,000 washrooms each year. With a team of over 3,000 professionally trained personnel, we are ideally placed to provide regular high-quality maintenance to the washrooms in your organisation.

Cleaner, dryer floors

- Our professionally installed mats are designed to prevent dirt and moisture from spreading through your building, reducing the risk of trips and falls. We offer an advanced laundering service to ensure that your mats remain clean, with flexible contracts that can be tailored to suit your site's ongoing requirements.

Legally compliant waste disposal

- We will hygienically dispose of nappy and incontinence waste safely and with respect for the environment through LifeCycle, our new process for disposing of hygiene waste. We divert the waste away from landfill, and process it to be used as an alternative fuel source.

Creating healthier environments

- We provide several products that help to reduce the spread of bacteria in small and large space areas. From air purifiers to surface sanitisers, we can help to create a healthier atmosphere in your building.

Adhere to legislation

We will ensure that safety and hygiene at your establishment is handled strictly in line with current legislation and according to best practice guidelines.
