WE CAN HELP

Traditionally, our most in-demand services for the estate agency sector have included washroom maintenance, floorcare and workplace supplies. Our experts continue to meet the needs of providers in this sector with a wide range of products and services.

The ideal first impression

- First impressions count, and our professional-looking entrance mats will help to impress clients from the outset. We offer numerous options, including mats designed to fit your company logo and colour scheme. Mats that absorb dirt and moisture to prevent it from entering your office are also available.

Creating healthier environments

- We provide several products that help to reduce the spread of bacteria in small and large space areas. From air purifiers to surface sanitisers, we can help to create a healthier atmosphere in your building.

Hygienic, attractive washrooms

- No matter how good your service is, an unclean and poorly maintained washroom may leave clients with negative feelings about your business. Our fully-accredited, uniformed staff can make regular visits to keep your washrooms hygienic and topped up with all the necessary supplies.

Legally compliant waste disposal

- We provide facilities for the storage and disposal of sanitary waste safely and with respect for the environment, whilst complying with all waste stream legislation.

Maintaining a professional and efficient appearance is key to success in the real estate industry. But in such a fast paced, client-focused environment, there's not always time to consider the importance of maintenance and upkeep within the office.

It's vital to consider how the environment you work in will affect perceptions about your business – having an attractive, inviting premises could be the difference between securing a client and losing them to your competitors. At **phs**, we're experienced in helping estate agents to make the right impression on clients with minimal interruption to their daily work.

We work with **over 2500** property and estate agent offices across the UK, helping them to maintain a clean and welcoming environment for staff and clients.
