### WE CAN HELP

Traditionally, our most in-demand services for the hair and beauty sector have included floorcare, washroom maintenance and waste disposal. Our experts continue to meet the needs of businesses in this sector with a wide range of products and services.

#### Keep salon floors free of dirt

- **phs** is a leading provider of floorcare and matting, with a full range of dirt- and moisture-absorbing mats to reduce the risks of trips and falls within your salon. Our advanced, deep clean laundering process can ensure that your mats remain clean and presentable for years to come.

#### Legally compliant waste disposal

- We provide facilities for the storage of clinical, sharps and sanitary waste, and offer a safe, discreet and efficient service to collect and dispose of it.

#### phs promise

- Switching to a single experienced and trusted supplier could save you both time and money, reducing administrative duties for your employees and giving you a reasonably priced point of access for all your utilities and services.

#### Beautifully maintained washrooms

- Clients and staff both need clean, presentable washrooms to use. Rather than taking time out of your busy schedule, allow our washroom maintenance experts to keep your toilets fresh, hygienic and topped up with all the supplies you need.

> If you run a hair or beauty salon, you want your clients to leave your establishment looking and feeling their best.

Making sure your space looks equally presentable is an important task – as well as putting customers at ease and convincing them of your professional values, a tidy and stylish salon could be the difference between retaining and losing a client.

We work with **2,500** salons throughout the UK to keep their businesses hygienic, safe and stylish with a variety of workplace services. Whether you need regular washroom maintenance, advice on health and safety within the salon or a compliant waste disposal service, trust our professional team to provide everything you need.
