

> Get your business **phs** ready

Prepare for the new normal

More than ever, hygiene will be at the forefront of everyone's minds. COVID-19 has changed the way we think about our working environment. With the UK prepping to return to somewhat normality, **phs** are on hand to ensure your staff, patients and visitors are as safe as possible.

As a partner of choice, **you can trust us to take care of things**, and here's how....

AIRSTREAM PURE

Hand dryer mat

Cabinet roller towel

NO-GERMS hand wash and sanitiser dispensers

Hand hygiene

Ensuring your washrooms are always well-stocked with **phs** service contracts will ensure a clean, hygienic and healthy environment for your customers and staff at all times. Scheduled service visits ensure everything is up to date and that dispensers are always topped up. Good hand washing facilities helps reduce the spread of viruses, germs and bacteria. From hygienic and efficient hand dryers, to paper towels (consumable contract) and soap dispensers, we've got you covered.

Aircare solutions

The well-being of your workforce and visitors should be top priority and taking care of your indoor air quality will help safeguard everyone especially in problematic areas such as waiting rooms. Our **AERAMAX PROFESSIONAL** air purifiers eliminate 99.9% of harmful airborne particulates from the air, and our **BIOZONE** air purifier can reduce the spread of viruses and bacteria in issue prone areas and surfaces.

AERAMAX PROFESSIONAL PUREVIEW III

AERAMAX PROFESSIONAL PUREVIEW IV

MINI POWERZONE

BIOZONE

Waste disposal

We provide collection and disposal services for all types of healthcare waste, such as; hygiene waste, swabs and dressings, cytotoxic, sharps to dental waste to name a few. As experts in waste disposal, we make sure you comply with regulations and dispose of your waste in the correct manner. An added benefit for disposing of hygiene waste with **phs** is that we will dispose of it sustainably by diverting it away from landfill, through our LifeCycle Strategy. Hygiene waste is taken to energy-from-waste facilities across the country, and the energy produced gets put into the National Grid to power homes, schools and industries.

Consumables

Our consumable range offers a complete building solution, from janitorial equipment's, cleaning chemicals, ancillary products, healthcare supplies and paper/wiping consumables. For contracted paper and wiping consumables, **phs** Group can assist, or make one off consumable purchases via **phsDirect.co.uk** – a one stop shop for all your consumable needs to help keep your environment clean, hygienic and safe.

No touch operation

More than ever, clean hands matter. Whether that is carried out by soap and water, or hand sanitiser. Our automatic, no-touch products stop the spread of germs, bacteria and viruses. Our **ECLIPSE DISCREET AUTO** sanitary disposal unit allows a no-touch operation, eliminating the risk of cross-contamination. And our **entrance hand sanitiser stand** with auto operation outputs a measured amount of solution to help minimise the spread of germs, bacteria and viruses before entering a building.

Interclean commercial cleaning

Maintaining a well-presented, clean and hygienic environment at all times can be challenging, but there is no better time than the present. Ensure your workplace is hygienic and safe, for when your workforce and customers return. Our specialist cleaning process and equipment are designed to tackle even the toughest jobs, getting into those hard-to-reach places to ensure a thorough cleanse and sparkling finish to reduce the spread of germs, bacteria and viruses. By offering a clean and hygienic environment to return to, it gives everyone reassurance that they'll be safe.

Floorcare

Help remind people to sanitise and wash their hands and to practice social distancing with our new hygiene message mats, as well as protect floors from premature damage and reduce the risk of slips in the workplace.
