

ECLIPSE™ DISCREET sanitary disposal

> Hygienic and discreet sanitary disposal service

Eclipse™ sanitary bag dispenser

Provides a bag dispenser in your washroom cubicle that can reduce odour build up within the sanitary bin and offers a cleaner, more discreet way of disposing of sanitary waste.

A complete liner exchange service, with bins fully cleaned on site before a new liner is inserted.

Environmentally conscious

The bin is fully recycled at the end of its life.

Key features :

- Slim and low profile for a discreet presence in the cubicle
- Antimicrobial material moulded in to the lid creating a hygienic surface
- Cleaned with EnviroSan® germicide to combat 99.99% of bacteria.

LifeCycle

The **phs** LifeCycle strategy diverts customer waste away from landfill. It is instead taken to nearby energy recovery facilities where it is turned into power for the local community to use, providing a sustainable waste solution.

Product innovation & design

- The flap is specifically designed to mask the contents of the bin from sight
- Foot pedals for hygienic operation, and bins can be located either side of the cubicle
- Low profile design, sits below the toilet seat, avoids people contacting the bin.

The Nickel collection

Designed to complement any washroom decor, the premium Nickel collection features a modern metallic finish, which adds a touch of class to any environment.

Fully compliant

Fully licensed and compliant with all waste management regulations, a full auditable waste trail is provided.

Technical specifications

Capacity 11.3 litres

Dimensions 44cm x 40cm x 14.8cm

Thickness 9mm
