### Practical and hygienic

The 2 litre dispenser is constructed from strong, sturdy ABS plastic. The automatic dispenser reduces the risk of cross contamination as there are no user touch points.

### Senses Alcohol Free Hand Sanitiser

This odourless non-tainting skin sanitiser is designed for frequent use. and does not dry out skin like traditional alcohol based sanitizer. It is effective against coronavirus and kills greater than 99.99% of E-coli and 99.99% of MRSA within 1 minute of application. This sanitiser is also an Halal Approved Product.

### Contractual consumables

Our contractual consumable service takes the hassle away from having to regularly re-order and store refill products. We will automatically dispatch consumables to you on a regular basis.

### Fully serviced

The unit is also available on a fully serviced contract, with service frequency matched to the needs of your business. We provide a time-captured signature, showing exactly when your service was carried out and who acknowledged our visit, so you can be sure you've got a complete service audit trail.
