NO-GERMS™ is the UK's number one alcohol free hand sanitiser. Paraben and sulphate free, it's proven to kill 99.9% of germs including MRSA, it is fast acting, starting to work in less than 15 seconds. It's effective for up to 4 hours against germs and up to 2 hours for viruses, and is suitable for frequent use as it contains natural moisturisers such as aloe vera, chamomile and lavender so doesn't dry out hands. The active ingredient is a natural extract from coconut (Benzethonium Chloride), making it safe for all users including children.

Antibacterial NO-GERMS™ Soap

The NO-GERMS™ moisturising hand wash provides antibacterial peace of mind when hand washing.
