

Rigid liner inserts

➤ Rigid liner inserts for use in the **ECLIPSE DISCREET** and **ECLIPSE XTRA** sanitary disposal bins.

Designed to prevent cross contamination in areas where liner bags are not suitable.

A safer solution

These inserts can be placed within the sanitary bins to prevent any cross contamination when removing waste in high risk areas. Providing protection against needles, bottles, infected solids, aerosols, knives, and metal or aluminium cans.

Required at high risk locations

This tailored rigid liner service must be used in high risk areas. It has been designed to avoid any unnecessary risks. Its use will be agreed as part of the service contract.

Key features:

Reduces cross contamination risk.

Eliminates risks posed by liner bags.

Made from durable material.

Completely water resistant.
