

FULLY SERVICED SLIMLINE VEND

> Our Slimline vending machine is your eco-friendly, hypoallergenic source for sustainable sanitary products.

Providing for people's human needs is not only your duty of care, but it also shows a commitment to employees and visitors, reassuring them that they come first and are welcome at your premises. Clean, hygienic, and well-maintained facilities leave a lasting good impression on visitors.

The **SLIMLINE VEND** is a fully serviced unit, with **phs** ensuring that it is always fully stocked without any input from your staff. After every service, you'll receive an immediate automated email confirmation detailing the site and products serviced.

We'll provide a time-captured signature, showing exactly when your service was carried out and who acknowledged our visit, so you can be sure you've got a complete service audit trail.

> Period Equality

At **p_hs**, we believe everyone should have access to the period products they need.

Periods are a natural part of life, and they should never be a barrier to education, work, or overall well-being.

Whether you're at school, college, university, or a place of work – no one should ever feel compromised, ashamed or go without during their period.

Period inequality exists in the UK, and whilst period products are considered a basic need, a lot of people who menstruate can't access them.

Sometimes known as 'period poverty', awareness of this issue has been growing and evolving, with regional, national, and global movements to help create period equality, so nobody is held back because of their period.
