

Comfort Mats

Employees standing up all day in areas like check-out stations, service counters, and assembly lines or behind bars need physical support to keep motivation and energy. The Comfort anti-fatigue mat concept is specially designed for safety, comfort and protection.

Manufactured from premium quality nitrile rubber, Comfort mats are water resistant, resilient to impact. They also resist oil and solvents, while reducing noise at work. These mats offer unique cushion and ergonomic properties and the patented rubber construction of Comfort mats has been tested and approved by the American Podiatric Medical Association (APMA).

Product Specification	
Composition	100% nitrile foamed rubber anti fatigue mat
Sizes	84 x 60cm, 84 x 140cm, 180x120cm, 300x85cm
Thickness	8.5mm
Colours	Black

Key Features :

- Smart trade off between support and thickness
- APMA approved
- Reduces leg fatigue and noise
- Anti-static properties
- Impervious to chemicals and oil based products
- Industrially washable in a laundry or hosed down on site

Key Features :

- A transformational solution for employees who's work requires them to stand in one place for long periods.
- Helps address work related illness & injuries.
- Provides an easy to clean, hygienic floor surface
- This type of mat encourages foot movement stimulating blood circulation and changes in posture which helps reduce lower back and leg pain. It also insulates workers from cold floors, helping to reduce physical fatigue.
