

## > CASESTUDY

### LOCATION

George Abbot School, Surrey

### INDUSTRY

Education

### PRODUCT

Fitted Logo Mat

### THE CHALLENGE

George Abbot School contacted **phs** to explore floorcare solutions, as their exciting entrance matting had deteriorated.

The rubber on the schools existing matting grid had worn away and was no longer removing any moisture or debris. The school had temporarily placed an additional rubber backed mat after the grid, to try and capture the moisture and debris, but this proved to be a trip hazard as it kept rucking-up.

### FITTED MATS FROM PHS

Our extensive range of fitted mats **capture 50% more dirt and moisture** than standard mats. They can be regularly cleaned as part of a service contract to ensure they're always **looking their best and functioning efficiently.**

## THE SOLUTION

George Abbot School contacted **phs** to explore floorcare solutions, as their exciting entrance matting had deteriorated.

The rubber on the schools existing matting grid had worn away and was no longer removing any moisture or debris. The school had temporarily placed an additional rubber backed mat after the grid, to try and capture the moisture and debris, but this proved to be a trip hazard as it kept rucking-up.

## THE RESULT

The school has noticed a significant reduction in the amount of moisture being carried onto the reception area carpet. The new fitted logo mat from **phs** has helped to create a safe entrance area that retains its welcoming atmosphere.

“ The mat looks smart and welcoming when visitors arrive at school. ”
