

Slimline vend **coin free**

> Coin free vends, helping to tackle the issue of period poverty

Period poverty is a serious issue that's affecting women and girls today, in the towns and cities that we live in, and unfortunately, it's on the increase. **phs** has introduced a coin free vending machine, to help alleviate some of the anxiety and embarrassment young women feel every month when faced with having to purchase hygiene products they can't afford.

Key features:

- 'Feminine Hygiene Coin Free' vending for customers who want to offer a discreet, complementary hygiene service
- One of the most compact vending machine designs on the market
- Dual column vend dispenses two stock lines of leading branded feminine hygiene products
- Customers will manage their own stock in the vending machine

Operations:

- No coins are required to operate the vending machine
- The draws will open without use of a coin, until the vending machine is empty, when the draw will lock closed
- If a coin is placed into the coin slot by mistake, it will fall straight through into the coin refund outlet
- Customer will have their own keys to manage the stock of consumables
- Vending machine only available in white
- Easy to install
- Ideal for schools
- Vandal resistant wrap-around front cover
